Numerical Fee Schedule

July to September 2026

Version: 1.4

Inclusion of a code means the supply, product or service is covered by Idaho Medicaid when all requirements are met. Fee schedules are prepared as tools to assist Medicaid providers and are not intended to grant rights or impose obligations. Every effort is made to ensure the accuracy of the information within the fee schedules as of the date they are posted. Medicaid makes no guarantee that this compilation of fee schedule information is error-free and will bear no responsibility or liability for the results or consequences of the use of these schedules.

Providers must verify member coverage on the date of service by calling (866) 686-4272 or using their trading partner account at IDMedicaid.com.
Coverage and criteria information is communicated in the Provider Handbook, MedicAide Newsletters and Information Releases at IDMedicaid.com.
Questions about claims should be directed to Gainwell Technology at (866) 686-4272.
Questions about pricing should be directed to the Office of Reimbursement, Idaho Division of Medicaid, at (208) 287-1180 or email MedicaidReimTeam@dhw.idaho.gov.

Procedure codes which appear on the Medicaid Numerical Fee Schedule with a reimbursement amount of **$0.00 are manually priced** per the Manually Priced Goods and Services section of the General Billing Instructions Provider Handbook.

The reimbursement amount for Durable Medical Equipment codes on the fee schedule is the purchase price. Codes billed with an RR modifier are paid at the rental rate. These rental rates are determined by dividing the purchase price by ten.

Most certified nurse midwife, clinical nurse specialist, lactation consultant, nurse practitioner, pharmacist, physician assistant and registered nurse certified lactation consultant services are reimbursed up to 85% of the allowed maximum.

Informational only codes are non-covered for separate reimbursement. They are considered reimbursed in the coverage of another procedure code or are used for tracking purposes only. A code that is informational only is not separately reimbursable regardless of the revenue code, CPT® or HCPCS code selected for billing. Services coded as informational only cannot be billed under a CPT® or HCPCS defined as unlisted or miscellaneous or billed under a revenue code that does not require a CPT® or HCPCS.
