

5 Filing Claims

Because Medicaid cannot make payments to recipients, the provider who performed the service must file an assigned claim and agree to accept the allowable reimbursement as full payment.

Federal regulations prohibit providers from charging recipients, the Alabama Medicaid Agency, or Gainwell a fee for completing or filing Medicaid claim forms. The cost of claims filing is considered a part of the usual and customary charges to all recipients.

Effective March 1, 2010, all claims which do not require attachments or an Administrative Review override by Medicaid must be submitted electronically. This chapter provides basic information for filing claims. The information is not specific to provider type; it is intended to give all providers an understanding of the various methods for claims submission and instructions on completing claims forms. Once you understand the information in this section, you can refer to the chapter in Part II that corresponds to your provider type for additional claims filing information.

This chapter contains the following sections:

- *Before You Submit Your Claim*, which describes how claims are processed, which claim forms are approved for submission to Medicaid, and other general claim-related information
- *Completing the CMS-1500 Claim Form*, which provides detailed billing instructions for the CMS-1500 claim form
- *Completing the UB-04 Claim Form*, which provides detailed billing instructions for the UB-04 claim form
- *Completing the ADA Dental Claim Form*, which provides detailed billing instructions for the ADA Dental claim form
- *Completing the Pharmacy Claim Form*, which provides detailed billing instructions for the Pharmacy claim form
- *Crossover Claim Filing*, which provides billing instructions for the medical claim form. **Please note that for an administrative or manual review Alabama Medicaid requires paper crossovers for professional claims to be submitted using the approved Medical Medicaid/Medicare-related crossover claim form. Institutional providers should use the UB-04 claim form for crossovers.**

The crossover claim is also to be used to file claims in which the primary payer is a Medicare Advantage plan. When a recipient is enrolled in a Medicare Advantage plan and Medicaid has **not** paid a monthly capitation payment, providers must file a crossover claim when billing Medicaid for any Medicare Advantage deductible, coinsurance or copay. Follow the instructions in section 5.4 or 5.6.2.

In addition, claims billed to and paid by Medicare for Railroad Retirees will be denied by Medicaid with denial code 2808 when the claim is crossed over from Medicare. The error message provided with denial code 2808 states “COBA – MEDICARE ID NOT ON FILE”. Medicaid’s claim system is unable to match the Medicare ID submitted on the claim by the provider to the Medicare ID provided by CMS on its Medicare enrollment database as CMS converts Railroad Retiree Medicare IDs into a different format than what is listed on a recipient’s ID card. If a provider receives a denial code of 2808 on a COBA crossover claim and the recipient is a Railroad Retiree the provider should resubmit the crossover claim through the Provider web portal using the crossover claim form and the recipient’s Medicaid ID number.

- *Required Attachments*, which lists and describes the Alabama Medicaid required attachments
- *Adjustments*, which provides instructions for submitting online adjustments.
- *Refunds*, which provides instructions on receiving refunds
- *Inquiring about Claim and Payment Status*, which describes various methods for contacting Gainwell to inquire about claim and payment status

5.1 Before You Submit Your Claim

This section discusses claim types, how Gainwell processes claims, and the various methods for submitting claims. It includes the following topics:

- Valid Alabama Medicaid claim types
- How claims are processed
- Methods for submitting claims with attachments
- Electronic claims submission
- Filing limits and approved exceptions
- Recipient signatures
- Provider signatures

5.1.1 Valid Alabama Medicaid Claim Types

Alabama Medicaid processes eight different claim types (Managed Care claims are described in Chapter 40, Alabama Coordinated Health Network (ACHN)). The claims must be submitted in electronic format. Alabama recognizes two standard claim forms (UB-04 and CMS-1500) and three Medicaid non-standard claim forms (Pharmacy, Dental, and one Medicare/Medicaid-related claim form). The provider’s provider type determines which claim type to bill, as illustrated in the table below.

Claim Type	Claim Form	HIPAA Transaction	Providers Who Bill Using This Claim Type
Medical	CMS-1500	837 Professional	- Physicians - Physician Employed Practitioners (CRNP and PA) - Independent Labs - Independent Radiology - Transportation - Prosthetic Services - DME - Podiatrists - Chiropractors - Psychologists - Audiologists - Therapists (Physical, Speech, Occupational) - Optometrists/Opticians - Optical Dispensing Contractor - Clinics - Rural Health Clinics (IRHC, PBRHC) - FQHC - County Health Departments - Targeted Case Management - Independent Nurse Practitioner - Hearing Aid Dealer - Waiver Services (Homebound, Elderly and Disabled, MR/DD) - Maternity Care - State Rehab Services (Mental Health Centers, DYS, DHR) - CRNA - Nurse Midwife
Dental	2012 ADA	837 Dental	Dentists/Oral Surgeons when billing CDT codes
Pharmacy	XIX-BC-10-93	NCPDP	Pharmacists
Inpatient	UB-04	837 Institutional	- Hospitals - ICF/MR Facility - Nursing Facility
Outpatient	UB-04	837 Institutional	- Hospitals - Ambulatory Surgical Centers (straight Medicaid) - Hemodialysis - Private Duty Nursing - Hospice Facility - Home Health Services - Lithotripsy (ESWL)
Medical crossover	Medical Medicare/Medicaid-Related Claim	837 Professional	All providers listed under the medical claim type Ambulatory Surgical Centers (crossover claims)

5.1.2 How Claims are Processed

This section briefly describes claims processing, from assigning a unique tracking number to a claim, to generating and mailing the payment.

Internal Control Number

All claims entered into the Gainwell system for processing are assigned a unique 13-digit Internal Control Number (ICN). The ICN indicates when the claim was received and whether it was sent by paper or through electronic media. The ICN is used to track the claim throughout processing, on the Remittance Advice (RA), and in claims history.

For more information about the ICN numbering system used for claims processing, refer to Appendix F, Medicaid Internal Control Numbers.

Claims Processing

Gainwell verifies that the claim contains all of the information necessary for processing. The claim is processed using both clerical and automated procedures.

First, the system performs validation edits to ensure the claim is filled out correctly and contains sufficient information for processing. Edits ensure the recipient's name matches the recipient identification number (RID); the procedure code is valid for the diagnosis; the recipient is eligible and the provider is active for the dates of service; and other similar criteria are met.

For electronically submitted claims, the edit process is performed several times per day; for paper claims, it is performed five times per week. If a claim fails any of these edits, it is returned to the provider.

The system then performs the National Correct Coding Initiative (NCCI) procedure to procedure and medically unlikely edits.

Once claims pass through edits, the system reviews each claim to make sure it complies with Alabama Medicaid policy and performs cost avoidance. Cost avoidance is a method that ensures Medicaid is responsible for paying for all services listed on the claim. Because Medicaid is the payer of last resort, the system confirms that a third party resource is not responsible for services on the claim.

The system then performs audits by validating claims history information against information on the current claim. Audits check for duplicate services, limited services, and related services and compares them to Alabama Medicaid policy.

The system then prices the claim using a State-determined pricing methodology applied to each service by provider type, claim type, recipient benefits, or policy limitations.

Once the system completes claims processing, it assigns each claim a status: approved to pay, denied, or suspended. Approved to pay and denied claims are processed through the financial cycle twice a month, at which time a Remittance Advice (RA) report is produced and checks are written, if applicable. Suspended claims must be worked by Gainwell personnel or reviewed by Alabama Medicaid Agency personnel, as required.

Claims approved for payment are paid with a single check or electronic funds transfer (EFT) transaction according to the check writing schedule published in the *Provider Insider*, the Alabama Medicaid provider bulletin produced by Gainwell. The check is sent to the provider's payee address. If the provider participates in electronic funds transfer (EFT), the payment is deposited directly into the provider's bank account. Effective March 1, 2010, Medicaid no longer prints and distributes paper Remittance Advices (RAs) to providers. RAs are described in Chapter 6, Receiving Reimbursement.

5.1.3 Methods for Submitting Claims

Gainwell accepts all claims which do not require attachments or an Administrative Review override by Medicaid in electronic format. Paper claims submitted for an administrative or manual review must be submitted using the approved claim formats listed in the table in Section 5.1.1, Valid Alabama Medicaid Claim Types.

To improve hard copy claims processing, Gainwell now scans paper claims and performs Optical Character Recognition (OCR) to enter data from the claims into the Medicaid system. All CMS-1500 and UB-04 paper claims must be submitted using red dropout forms. The scanner drops any red or blue markings on the claim form, leaving only the data the provider entered on the claim form.

NOTE:

All claim forms must be completed in dark **BLACK** ink. Do not circle, underline, or highlight any information on the claim. **Send original claim forms only**; do not send copies.

Providers should submit typewritten or computer-generated paper claims whenever possible to speed up the data entry process. Keep in mind the following guidelines:

- Make sure typed information does not fall outside the specific boxes.
- Change printer ribbons often, since claims with print too light to be scanned will be returned.

Providers can obtain Medicaid/Medicare-related claim forms free of charge from Gainwell.

5.1.4 Electronic Claims Submission

Electronic claims may be submitted using a variety of methods:

- Provider Electronic Solutions software, provided at no charge to Alabama Medicaid providers
- Value Added Networks (VANs) or billing services on behalf of an Alabama Medicaid provider
- Tapes or other electronic media, as mutually agreed to by the Alabama Medicaid Agency and the vendor

Electronic Claims Submission (ECS) offers providers a faster and easier way to submit Medicaid claims. When you send your claims electronically, there is no need to complete paper Medicaid forms. Your claim information is submitted directly from your computer to Gainwell.

If filing claims using the PES software, please refer to the Provider Electronic Solutions User Manual for the appropriate claim filing instructions and values.

Electronic claims begin processing as soon as they are received by the system. Paper claims must go through lengthy processing procedures, which could result in delayed payment on the claims. An electronically submitted claim displays on the next Remittance Advice (RA) following the claim submission. Unless your claim suspends for medical policy reasons, it should finalize (pay or deny) in the check writing step.

All of the Electronic Claims Submission (ECS) options are provided free of charge. Providers also have the option of using software from a software vendor or programmer. Gainwell furnishes file specifications at no charge. **If you have further questions or wish to order software, contact the Gainwell Electronic Claims Submission (ECS) Help Desk at 1(800) 456-1242** (out of state providers call (334) 215-0111).

5.1.5 Filing Limits and Approved Exceptions

Generally, Medicaid requires all claims to be filed within one year of the date of service; however, some programs have different claims filing time limit limitations. Refer to your particular provider type program chapter for clarification.

Claims more than one year old may be processed under the following circumstances:

- Claims filed in a timely manner with Medicare or other third party payers may be processed if received by the fiscal agent within 120 days of the third party disposition date. These claims may be filed electronically. Providers should enter the TPL paid date in the appropriate field. The Gainwell claims processing system will then compare the TPL paid date to the assigned ICN; if the claim is received within 120 days it will process. Claims for services rendered to a recipient, during a retroactive eligibility period, may be processed if received by the fiscal agent **within one year** from the date of the retroactive award. Providers must submit these claims electronically.
- Claims for services that were previously paid by Medicaid and later taken back, either at Medicaid's request or the provider's request, may be processed if received by the fiscal agent **within 120 days** of the recoupment. This date must be indicated in the appropriate remarks section of the claim as specified in the claim billing instructions for each type of provider in the following format: "Recouped Claim 11-01-02" or "Recouped Claim Nov. 1, 2002". A copy of the Medicaid Remittance Advice (RA), showing the recoupment and the date must be attached to the claim.

NOTE:

This section shall not apply to claims recouped through medical record reviews and/or investigations. Recouped claims from medical record reviews and/or investigations are considered final and are not subject to resubmission. Medical record reviews include, but are not limited to those performed by: the Medicaid Program Integrity Division, the Recovery Audit Contractor (RAC), the Medicaid Integrity Contractor (MIC) and Payment Error Rate Measurement (PERM) contractor.

Submit claims more than one year old that meet the above criteria, to the following address:

**Gainwell Provider Assistance Center
P.O. Box 244032
Montgomery, AL 36124-4032**

NOTE:

Refer to Section 7.2.1, Administrative Review and Fair Hearings, for more information regarding administrative reviews.

5.1.6 Recipient Signatures

While a recipient signature is not required on individual claim forms, all providers must obtain a signature to be kept on file, (such as release forms or sign-in sheets) as verification that the recipient was present on the date of service for which the provider seeks payment. Exceptions to the recipient signature are listed below:

- The recipient signature is not required when there is no personal contact between recipient and provider, as is usually the case for laboratory or radiology.
- Illiterate recipients may make their mark, for example, "X," witnessed by someone with his dated signature after the phrase "witnessed by."
- A representative may sign for a recipient who is not competent to sign because of age, mental, or physical impairment.
- The recipient signature is not required when a physician makes a home visit. The physician must provide documentation in the medical record that the services were rendered.
- For services rendered in a licensed facility setting other than the provider's office, the recipient's signature on file in the facility's record is acceptable.

NOTE:

The use of Sign-In Sheets, as verification that the recipient was present on the date of service for which the provider seeks payment, is permissible under the Privacy Rule, but should be limited to the minimum necessary. For example, it should not have a column asking for "reason for visit." A provider's sign-in sheet may simply ask for the patient's name and nothing more.

5.1.7 Provider Signatures

This section discusses the various requirements for provider signatures when filing electronic or hard copy claims.

Medical Claims

The provider's signature on a claim form or the Provider Agreement certifies that the services filed were performed by the provider or supervised by the provider and were medically necessary.

By signing the Provider Agreement, the provider agrees to keep any records necessary to enable the provider to perform the following responsibilities:

- Disclose the extent of services the provider furnishes to recipients

- Furnish Medicaid, the Secretary of HHS, or the state Medicaid Fraud Control Unit, upon request, any information regarding payments received by the provider for furnishing services
- Certify that the information on the claim is true, accurate, and complete, and the claim is unpaid
- Affirm the provider understands that the claim will be paid from federal and state funds, and any falsification or concealment of a material fact may be prosecuted under federal and state laws

Providers who have a completed Provider Agreement on file should place the words **"Agreement on File"** in block 31.

The individual practitioner may also personally sign the claim form in the appropriate area and must initial the claim form beside a typewritten or stamped signature. An individual practitioner's name or initials may be signed by another person who has power of attorney from the practitioner.

Tape Billers

Providers submitting claims through a tape biller must have a contract on file with Gainwell signed by the provider or the billing agent authorizing tape submission of claims.

Tapes that Gainwell receives must be accompanied by a transmittal form signed by the billing provider or the billing agent.

Electronic Billers

Providers billing electronically must have a contract signed by the provider on file with Gainwell. When applicable, the billing agent's signature must also appear on the contract.

Computer Generated Claim Forms

Computer generated claim forms may be submitted with the provider's name generated on the form. In which case, the provider's handwritten name or initials must accompany the name.

"Agreement on File" may also be printed on computer generated claim forms in lieu of the provider's signature, if a Provider Agreement is on file.

The policy provisions for provider signatures can be found in the *Alabama Medicaid Agency Administrative Code*, Chapter 1.

5.1.8 Submitting Paid and Partially Paid Claims to Medicaid

Providers may submit paid, partially paid, and deductible applied third party claims to Medicaid using the approved paper or online filing methods as described in Chapter 5, Filing Claims. Additionally, to capture third party payment information, a TPL panel (for electronic claims) or a Medicaid Other Insurance Attachment form (for paper claims) is required to provide the other payer amounts that were applied to the following: paid amount, deductible amount, coinsurance amount, and co-pay amount. Completion instructions for the TPL panel may be found in the Provider Electronic Solutions (PES) User Guide and the interactive Service-Web User Guide. Completion instructions for the Medicaid Other Insurance attachment form may be found in section 5.7 of this chapter.

The following third party-related information is also required on the claim, in addition to the other required claim data:

<i>Claim Form</i>	<i>Include the Following Third Party Information</i>	<i>In These Claim Fields</i>
CMS-1500	- Other Insured's name, policy number, insurance co. - Was condition related to (accident) - TPL paid dates	- Blocks 9-9d - Block 10 - Block 19
UB-04	- Other payer name - Insured's name - Other payer policy number - Insured's group name - Insurance group number - Medicaid emergency/accident indicator - TPL paid date	- Block 50 - Block 58 - Block 60 - Block 61 - Block 62 - Block 73 - Block 80
ADA Dental	- Is patient covered under another dental plan? - Other Insured's Name (Last, First, Middle Initial, Suffix) - Policyholder/Subscriber ID (SSN or ID#) - Plan/Group Number - Relationship to Insured - Other Carrier Name, address, and zip code	- Block 4 - Block 5 - Block 8 - Block 9 - Block 10 - Block 11
Pharmacy	- Carrier code/name/policy number - Other insurance dollars paid (if applicable) and reason code for TPL payment	- TPL carrier information - TPL payment/denial information

NOTE:

The Medicaid Other Insurance Attachment form is not required in addition to the Pharmacy claim form.

NOTE:

Failure to list the third party payment in the appropriate space on the claim may result in a denied claim.

If the claim is less than one year old and the other payer processed a payment or applied all the allowed charges toward the patient's responsibility, (i.e. deductible, coinsurance, or co-pay), then the claim may be submitted electronically and Medicaid does not require the attachment of the third party Remittance Advice (RA)-Claims more than one year old may be submitted electronically if 1) the third party payer has made a payment or applied the charges toward patient responsibility and 2) the claim submission date is within 120 days of the third party payment. If a claim is more than one year old and the third party payer has denied the claim, the claim must be submitted on paper, along with an attached copy of the third party Remittance Advice (RA). Claims more than one year old must be submitted within 120 days of the third party payment.

Claims meeting the requirements for Medicaid payment will be paid in the following manner if a third party payment is indicated on the claim:

- Other payer patient responsibility amounts (the deductible, coinsurance, and co-pay amounts) will be captured by Medicaid and used in determining the amount of Medicaid payment. In order for claims to be considered for payment, the patient responsibility must be greater than zero or the claim will be denied with the denial message "TPL Patient Responsibility is Zero for payor". Patient responsibility will be calculated by adding together any co-payment, coinsurance, and deductible.
- For professional claims, other payer amounts will be captured at the header and the detail levels. The total submitted at the header should balance the totals submitted at the detail. Medicaid will pay the lesser of the other payer patient responsibility or the Medicaid allowed amount minus the other payer paid amount.
- Other payer-paid amounts exceeding the Medicaid allowed amount will receive no further payment from Medicaid. Medicaid will place a zero paid amount on the claim and include an explanatory EOB code on the Remittance Advice (RA). **Patients cannot be billed under this condition.**

The Medicaid Other Insurance Attachment form is required only when a claim must be submitted on paper for administrative or manual review, and third party insurance has made a payment or applied charges to patient responsibility.

NOTE:

Providers cannot charge the recipient for other insurance co-pays when the service is billed to Medicaid. As stated above, other payer co-pays, coinsurance, and deductibles are to be submitted to Medicaid as other payer patient responsibility amounts and are considered for payment during Medicaid's claims processing.

5.1.9 Submitting Denied Claims to Medicaid

Providers may submit denied third party claims to Medicaid. **The following third party-related information is required on the claim**, in addition to the other required claim data:

<i>Claim Form</i>	<i>Include the Following Third Party Information</i>	<i>In These Claim Fields</i>
CMS-1500	• Other Insured's name, policy number, insurance co. • Was condition related to (accident) • TPL denied dates	• Blocks 9-9d • Block 10 • Block 19

<i>Claim Form</i>	<i>Include the Following Third Party Information</i>	<i>In These Claim Fields</i>
UB-04	• Other payer name • Insured's name • Other payer policy number • Insured's group name • Insurance group number • Medicaid emergency/accident indicator • TPL denied date	• Block 50 • Block 58 • Block 60 • Block 61 • Block 62 • Block 73 • Block 80
ADA Dental	• Is patient covered under another dental plan? • Other Insured's Name (Last, First, Middle Initial, Suffix) • Policyholder/Subscriber ID (SSN or ID#) • Plan/Group Number • Relationship to Insured • Other Carrier Name, address, and zip code • TPL Denial Date (with EOB ATTACHED)	• Block 4 • Block 5 • Block 8 • Block 9 • Block 10 • Block 11 • Block 35 • Remarks
Pharmacy	• Carrier code/name/policy number • Other insurance dollars paid (if applicable) and reason code for TPL denial	• TPL carrier information • TPL payment/denial information

Currently, certain claims with a third party denial **may** be submitted via the Medicaid Interactive Web Portal or on paper with a copy of the third party denial attached. Effective **July 01, 2021** all claims with a third party denial on the approved list **must be submitted electronically.**

The list of denial codes that may be submitted electronically can be found here:

https://medicaid.alabama.gov/content/7.0_Providers/7.1_Third_Party.aspx

Claims with a third party denial that are submitted on paper will also be reviewed against the published list of acceptable TPL denials. Other denial codes which are not on the list will require additional justification and must be submitted on a paper claim to the fiscal agent. Providers must submit justification or documentation as to why the primary payer cannot be billed or will not pay the claim in order to prove that a good faith effort has been made to obtain payment from a primary payer. Examples of acceptable documentation may include legible copies of third party denials, a brief explanation of additional submitted documentation, such as diagnosis codes to justify medical necessity, and providers do not meet certain requirements of the third party, etc. If acceptable documentation is not attached, the paper claim will be returned to the provider.

For claims with dates of service over one year to be considered for payment, the denial must be dated by the insurance company and the claim must be submitted within 120 days of third party denial.

Third party denials should be attached to the paper claim or they may be submitted via the Interactive Web Portal or via Fax with an Attachment Control Number (ACN) generated via the Interactive Web Portal. Claims with a third party denial that are submitted electronically must include an ACN. Review the ALERT of May 04, 2020 found here: https://medicaid.alabama.gov/content/7.0_Providers/7.1_Third_Party.aspx, for detailed instructions for the electronic process.

Please see chapter 20, Third Party, Rule No. 560-X-20-.04 Third Party Payments/Denials, for additional information. The chapter can be found here, [https://medicaid.alabama.gov/documents/9.0 Resources/9.2 Administrative Code/9.2 Adm Code Chap 20 Third Party 10-16-24.pdf](https://medicaid.alabama.gov/documents/9.0%20Resources/9.2%20Administrative%20Code/9.2%20dm%20Code%20Chap%20Third%20Party%2010-16-24.pdf).

NOTE:

Be sure to indicate on the claim form that it denied for TPL. The table above lists, by claim type and block number, the fields that must be filled out to submit a claim that denied for TPL.

5.2 Completing the CMS-1500 Claim Form

This section describes how to complete the CMS-1500 claim form for submission to Gainwell. For a list of providers who bill for services using the CMS-1500 claim form, please refer to Section 5.1.1, Valid Alabama Medicaid Claim Types.

These instructions are intended for use by all providers who bill using this claim form. For program-specific billing information, please refer to the chapter in Part II that corresponds to your provider type.

CMS-1500 Electronic Billing

Electronic billers must submit CMS-1500/837 Professional claims in approved formats. The 837 Professional transaction allows providers to bill up to 50 details per Professional (837 transaction) claim type.

Providers can obtain Provider Electronic Solutions software from Gainwell free of charge. Providers may also utilize Medicaid's Interactive Web Portal. Gainwell also provides specifications to providers developing in-house systems, software developers, and vendors. Because each software developer is different, location of fields may vary. Contact the software developer or vendor for this information. Direct development requirements and questions to the Gainwell Electronic Claims Submission Help Desk at 1(800) 456-1242.

CMS-1500 Claims Form Paper Billing

Providers may obtain copies of the claim form from a printer of their choice. For scanning purposes, these forms must be printed in the standard CMS format using red dropout ink.

Claims must contain the billing provider's complete name, address, and NPI.

Critical claim information includes:

- Recipient's first and last name
- Recipient's 13-digit Medicaid number – NOTE: Effective January 17, 2011, the Medicaid number submitted must begin with a "5". Medicaid will DENY any claims received on or after January 17, 2011, that are submitted with the old Medicaid ID number (number beginning with "000").
- First two characters of the provider group name

- Payee's 10-digit NPI
- Rendering (performing) provider's 10-digit NPI (on each line item)

A claim lacking any of the critical claim information cannot be processed. Also, each claim form must have a provider signature, initials, a stamped signature, or have an agreement on file with Gainwell to omit signature requirement. Refer to section 5.1.7, Provider Signatures, for appropriate signature requirements.

Guidance Regarding NDC's on the CMS-1500 Form

Effective August 2008, Alabama Medicaid mandated that the National Drug Code (NDC) number be included on the CMS-1500 claim form for the Top 20 physician administered drugs as defined by CMS. Effective October 1, 2010, the NDC number will be mandatory on **ALL** physician-administered drugs in the following ranges: J0000-J9999, S0000-S9999 and Q0000-Q9999. Refer to Appendix H for more information. Medicaid requires that each submitted NDC contain 11-digits (no dashes or spaces). The first 5-digits identify the labeler code of the manufacturer of the drug. The next 4-digits identify the specific strength, dosage form, and formulation of that drug. The last 2-digits identify the package size of the drug.

There may be some instances when an NDC does not contain all eleven digits on the product's container. In the following instances, the correct format for submission of the NDC in Item Number 24A is given:

- xxxx-xxxx-xx; in this case a zero (0) would need to be added in front of the first set of numbers.
Result: 0xxxxxxxxxx.
- xxxxx-xxx-xx: in this case a zero (0) would need to be added in front of the second set of numbers.
Result: xxxxx0xxxxx.
- xxxxx-xxxx-x: in this case a zero (0) would need to be added in front of the third set of numbers.
Result: xxxxxxxxx0x.

Please refer to the Food and Drug Administration (FDA) website below for more information regarding the National Drug Code,
<http://www.fda.gov/Drugs/InformationOnDrugs/ucm142438.htm>.

For additional questions regarding physician administered drugs, please contact Pharmacy Services at (334) 242-5050.

5.3 Completing the UB-04 Claim Form

This section describes how to complete the UB-04 claim form for submission to Gainwell. For a list of providers who bill for services using the UB-04 claim form, please refer to Section 5.1.1, Valid Alabama Medicaid Claim Types.

These instructions are intended for use by all providers who bill using this claim form. For program-specific billing information, please refer to the chapter that corresponds to your provider type.

UB-04 Electronic Billing

Electronic billers must submit UB-04/837 Institutional claims in approved formats. The 837 Institutional transaction allows providers to bill up to 999 details per Institutional (837 Institutional transaction) claim type. Providers can obtain Provider Electronic Solutions software from Gainwell free of charge. Gainwell also provides specifications to providers developing in-house systems, software developers, and vendors. Because each software developer is different, location of fields may vary. Contact the software developer or vendor for this information. Direct development requirements and questions to the Gainwell Electronic Claims Submission Help Desk at 1(800) 456-1242.

UB-04 Claims Form Paper Billing

Gainwell does not supply the UB-04 claim form. Providers may obtain copies of the claim form from a printer of their choice. For scanning purposes, these forms must be printed in the standard UB-04 format using red dropout ink.

Claims must contain the billing provider's complete name, address, and NPI. Critical claim information includes:

- Recipient's first and last name
- Recipient's 13-digit Medicaid number– NOTE: Effective January 17, 2011, the Medicaid number submitted must begin with a "5". Medicaid will DENY any claims received on or after January 17, 2011, that are submitted with the old Medicaid ID number (number beginning with "000").
- First two characters of the provider group name
- Provider's 10-digit NPI

A claim lacking any of the critical claim information cannot be processed.

NOTE:

Multiple page claims are not accepted for the paper UB-04s.

Guidance Regarding NDC's on the UB-04 Form

Effective September 2008, Alabama Medicaid mandated that the National Drug Code (NDC) number be included on the UB-04 claim form for the Top 20 physician administered drugs as defined by CMS. Effective October 1, 2010, the NDC number will be mandatory on **ALL** physician-administered drugs in the following ranges: J0000-J9999, S0000-S9999 and Q0000-Q9999. Refer to Appendix H for more information. Alabama Medicaid would like to clarify the required format for the NDC number that is submitted on this claim form. Medicaid requires that each submitted NDC contain 11-digits (no dashes or spaces). The first 5-digits identify the labeler code of the

manufacturer of the drug. The next 4-digits identify the specific strength, dosage form, and formulation of that drug. The last 2-digits identify the package size of the drug.

There may be some instances when an NDC does not contain all eleven digits on the product's container. In the following instances, the correct format for submission of the NDC in Form Locator 43 (Description) is given:

- xxxx-xxxx-xx; in this case a zero (0) would need to be added in front of the first set of numbers.

Result: 0xxxxxxxxx.

- xxxxx-xxx-xx: in this case a zero (0) would need to be added in front of the second set of numbers.

Result: xxxxx0xxxxx.

- xxxxx-xxxx-x: in this case a zero (0) would need to be added in front of the third set of numbers.

Result: xxxxxxxxx0x.

Please refer to the Food and Drug Administration (FDA) website below for more information regarding the National Drug Code,

<https://www.accessdata.fda.gov/scripts/cder/daf/index.cfm>.

5.4 Completing the ADA Dental Form

Effective January 1, 2026, use the 2024 ADA Dental Claim Form.

This section describes how to complete the 2024 ADA Dental form for submission to Gainwell. For a list of providers who bill for services using the ADA Dental form, please refer to Section 5.1.1, Valid Alabama Medicaid Claim Types.

These instructions are intended for use for all providers who bill using this claim form; for program-specific billing information, please refer to Chapter 13, Dental.

Effective January 1, 2026, only version 2024 ADA Dental form is acceptable. If you experience problems with Gainwell processing your forms, contact Gainwell for resolution.

ADA Dental Electronic Billing

Electronic billers must submit ADA Dental claims in approved formats. Providers may bill up to 50 details per dental (837 Dental transaction) claim type.

Providers can obtain Provider Electronic Solutions software from Gainwell free of charge. Providers may also use Medicaid's Interactive Web Portal. Gainwell also provides specifications to providers developing in-house systems, software developers, and vendors. Because each software developer is different, location of fields may vary. Contact the software developer or vendor for this information. Direct development requirements and questions to the Gainwell Electronic Claims Submission Help Desk at 1(800) 456-1242.

ADA Dental Claim Form Paper Billing

Gainwell does not supply the ADA Dental claim form. Providers may obtain copies of the claim form from a printer of their choice.

Claims must contain the billing provider's complete name, address, and NPI. Critical claim information includes:

- Recipient's first and last name as it appears when verifying eligibility. NOTE: Recipient's Medicaid cards can have the name spelled differently than what is in our system.
- Recipient's 13-digit Medicaid number— NOTE: Effective January 17, 2011, the Medicaid number submitted must begin with a "5". Medicaid will DENY any claims received on or after January 17, 2011, that are submitted with the old Medicaid ID number (number beginning with "000").
- First two characters of the provider group name
- Provider's 10-digit NPI

A claim without the above information cannot be processed. Each claim form must have a provider signature, initials by a stamped signature, or an agreement on file with Gainwell to omit signature requirement. Refer to section 5.1.7, Provider Signatures, for appropriate signature requirements.

NOTE:

Because Gainwell uses a new scanning process, **do not use a blue pen to complete paper claims**. Do not circle, underline, write notes or highlight any information on the claim. **Send original claim forms only**; do not send copies.

Providers should submit typewritten or computer-generated paper claims whenever possible to speed up the data entry process. Keep in mind the following guidelines:

- Make sure typed information does not fall outside the specific boxes.
- Change printer ribbons often, since claims with print too light to be scanned will be returned.

5.6 Completing the Medical Medicaid/Medicare Related Claim Form

Medical and inpatient institutional claims filed to Medicare (at BCBS Alabama) crossover directly to Medicaid weekly for claims processing. Providers should wait **at least 21 days** from the date of the Medicare Explanation of Medical Benefits (EOMB) before electronically filing a medical or inpatient crossover claim to Gainwell Outpatient institutional claims, out-of-state Medicare claims, and those medical and inpatient claims 21 days old or older must be submitted electronically to Gainwell using the appropriate Medicare/Medicaid-related Claim Form.

Electronic billers must submit crossover claims in approved formats. *Provider Electronic Solutions* software allows crossover billing via the 837 Institutional transactions and is available from Gainwell free of charge for providers. Providers may also use Medicaid's Interactive Web Portal. Specifications are also available to providers developing in-house systems, software developers, and vendors. Because each software developer is different, location of fields may vary. Contact the software developer or vendor for this information. Direct development requirements and questions to the Gainwell Electronic Claims Submission Help Desk at 1 (800) 456-1242.

5.8.1 Digital Submission of Consent Forms and Supporting Documentation

Providers are able to upload or fax their fillable Consent Forms (Abortion, Hysterectomy, and Sterilization) and supporting documentation for review and processing via the Forms menu of the Alabama Medicaid Interactive Web Portal. The forms will allow providers the ability to upload Consent Forms and supporting documents in PDF format or create a fax barcode cover sheet from the Web Portal. Providers may submit additional documentation via fax at a later time and have that documentation combined with original document through the use of the same barcode cover sheet.

Effective October 1, 2025, hysterectomies performed due to unusual circumstances (e.g., already sterile, life-threatening situation, or under a period of retroactive Medicaid eligibility), will continue to require submission of the consent form and supporting medical records. 5.9 Adjustments

Adjustments may be performed only on claims **paid** in error (for example, overpayments, underpayments, and payments for wrong procedure code, incorrect units, or other errors). The adjustment process allows the system to "take back" or cancel the incorrect payment and reprocess the claim as if it were a new claim. Providers must submit their adjustment requests electronically. For all waiver provider claims adjustment refer to Chapter 107 – Waiver Services.

5.9.1 Online Adjustments

Providers can submit electronic adjustments using the Gainwell Provider Electronic Software or vendor-supplied software designed using specifications received from Gainwell. Through this process, providers can recoup previously paid claims with dates of service up to three years old. Claims within the timely filing limit may be adjusted for correction and resubmitted for accurate payment the same day the electronic adjustment is made.

To submit electronic online adjustments, providers must use accurate information relating to the previously paid claim. The Gainwell Provider Electronic Solutions software or provider's vendor system will require that provider submit a new (837) Professional,

Institutional or Dental transaction, with *Original Internal Control Number (ICN)* field populated. This electronic adjustment claim will be assigned a new ICN number with a region of 52.

The adjustment claim will process accordingly, and result in a new (835) electronic Remittance Advice (RA) and the original claim information will appear on the 835 (RA) as a void, if processed within the same check write cycle.

Adjustments appear in the *Adjusted Claims* section of the provider Remittance Advice (RA) and consist of two segments: **Credit** (Repaid at lower amount/denied) and **Debit** (Repaid at higher/same amount). The **Credit** segment lists the amount owed to Gainwell from the original paid claim. This amount will also display in the *Financial Items* section of the RA as a deduction.

The **Debit** segment indicates there is a repayment of an original claim and provides a complete breakdown of corrected information. The paid amount is included in the total paid claims amount.

An Adjustment occasionally results in a denied claim. Denied Adjustments do not display in the *Adjusted Claims* section on the RA; they are listed in the *Denied Claims* section. The amount is withheld from the current explanation of payment and listed in the *Financial Items* section.

Refer to Chapter 6, Receiving Reimbursement, for more information relating to adjustments as described in the RA.

NOTE:

The filing deadline applies to any claim that must be resubmitted due to an adjustment.

5.10 Refunds

If you receive payment for a recipient who is not your patient or are paid more than once for the same service, it is your responsibility to refund the Alabama Medicaid Program.

Provide refunds to the Medicaid Program by using the Check Refund Form (a sample can be found in Appendix E) accompanied by a check for the refund amount. Make the check payable to:

Gainwell – Refunds
P.O. Box 241684
Montgomery, AL 36124-1684

Please provide the following information in the appropriate fields on the Check Refund Request exactly as it appears on your Remittance Advice (RA) for each refund you send to Gainwell:

- Provider Name and NPI
- Your check number, check date, check amount
- 13-digit claim number or ICN (from RA)
- Recipient's Medicaid ID number and name (from RA)

- Date of service being refunded
- Services being refunded
- Amount of refund
- Amount of insurance received, if applicable (third party source other than Medicare)
- Insurance name, address and policy number
- Reason for return (from codes listed on form)
- Signature, date and telephone number

This information will allow your refunds to be processed accurately and efficiently.

All third party payments must be applied toward services for which payment was made. These payments may not be applied against other unpaid accounts. **If providers receive duplicate payments from a third party and Medicaid, all duplicate party payments must be refunded within 60 days by:**

- Sending a refund of insurance payment to the Third Party Division, Medicaid; or
- Requesting an adjustment of Medicaid payment (a copy of the request **must** be sent to the Third Party Division, Medicaid).

Providers are responsible for ensuring that Medicaid is reimbursed from any third party payment made to a source other than Medicaid as a result of the provider releasing information to the recipient, the recipient's representative, or a third party.

5.11 Inquiring about Claim and Payment Status

Providers may use any of several options to inquire about claim and payment status:

- Call AVRS Provider Electronic Solutions Software
- Review the Remittance Advice (RA) for the corresponding checkwrite
- Contact the Gainwell Provider Assistance Center at 1(800) 688-7989
- Contact Gainwell Provider Relations in writing at **Gainwell Attn: Provider Relations P.O. Box 241685 Montgomery, AL 36124-1685.**
- Access the Alabama Medicaid Agency Interactive Services Website at <https://www.medicaid.alabamaservices.org/ALPortal>

Calling AVRS

Please refer to Appendix L, AVRS Quick Reference Guide, for instructions on using AVRS to inquire about claim and payment status.

Contacting the Gainwell Provider Assistance Center

The Gainwell Provider Assistance Center (PAC) is available Monday through Friday, 8:00 a.m. – 5:00 p.m. at 1(800) 688-7989. An assistance center representative can answer your questions about claim status, eligibility, or other claims related issues.

It is recommended that you use AVRS, Provider Electronic Solutions Software or access the Alabama Medicaid Agency Interactive Services website before calling the Gainwell Provider Assistance Center. To ensure the Assistance Center is available to all providers, Gainwell must limit providers to three transactions per telephone call. Through AVRS, however, providers may perform up to ten

inquiries, including prior authorization requirements, claim status inquiries, and multiple eligibility verification requests.

When a provider calls the Provider Assistance Center, the PAC representative logs a "ticket" in the call tracking system, including the NPI, contact name and number, and a description of the problem, question, or issue. If the issue is resolved during the call, the PAC representative records the resolution and closes the ticket. If the issue requires research, the PAC representative records the issue and keeps the ticket in an open status. Other Gainwell and Medicaid personnel can review the open ticket and participate in the resolution of the issue. The ticket stays open in the call tracking system until the issue is resolved. This enables Gainwell to monitor its service to providers.

Contacting Gainwell in Writing

Providers may contact Gainwell in writing to resolve more complex billing issues. This correspondence will be reviewed by Gainwell Provider Relations, which is composed of field representatives who are expert in Medicaid billing policy. Gainwell will respond to written inquiries within seven (7) business days and telephone inquiries by the end of the next business day.

The difference in response time occurs because Gainwell Provider Assistance Center is fully staffed during regular business hours, and can receive, resolve, or forward all billing and claim-related calls, ensuring they are answered in a timely fashion. Provider Representatives, who provide responses to written requests, travel on a regular basis, providing billing assistance to the Alabama Medicaid provider community. It is therefore recommended that providers contact the Provider Assistance Center to begin the inquiry process, and follow up with written correspondence as the need arises.
